## INNOVATIVE STRATEGY GAME

**which turned our familiar dice,  
from a Luck factor, to a Strategy factor**

- **Cube Logic:** The dice rolling technique, makes its role as a “pawn-fighter”.
- **Emerging Strategy:** The next move of one depends directly on the last move of the other.
- **Addictive and very competitive gameplay.**
- **Each time a different game:** The shuffling and random placement of the numbered tiles in each frame of the board, ensures the uniqueness of each new game.
- **Achieve Victory in 3 different conditions.**
  - **Can be played with only 1 player!**
